# CASUAL

 **PLANAM**  
Fashion for your profession

# AT HOME IN NATURE, NO MATTER WHERE YOU ARE

At the same time, practical clothing for everyday work and perfect outfits for leisure – the PLANAM Casual range makes it possible.

Functional, windproof, comfortable and fashionable at the same time – that's how we have designed our range for you. It performs a skilful balancing act between functioning as workwear and a leisure collection for men and women: practical pockets offer plenty of storage space, adjustable details ensure the perfect fit, modern design creates a timeless look. The style and features of our collection deliver a convincing performance everywhere – whether in the workshop, or on a walk through nature.

**Warm caps**  
Items from the accessories range complete the outfit.

Warm jackets round off the range. You can find more information in the PLANAM outdoor catalogue.

**Trousers for men and women**  
Elasticated waistband for maximum wearing comfort, and numerous pockets for ample storage space.

# NO NEED TO GET CHANGED, NO STRESS

Hurry home after work, change, head to the supermarket, shop and back again – those stressful days are numbered, thanks to our Casual collection.

Whether it's shopping, or enjoying a relaxed hike in the countryside – our modern Casual range is ready to go anywhere and absolutely suitable for everyday use. This is guaranteed not only by the variety of practical extras such as pockets, but also the comfort thanks to modern tailoring, windproof material and elastic stretch. And let's not forget: classic colour variations in black and grey, as well as inserts in subtle contrasting colours. These create visual highlights for that sporty, casual look.

**Perfect for wet and cold days**  
The Hawk softshell jacket withstands wind and weather. You can find more information in the PLANAM outdoor catalogue.

**Super comfortable**  
Hiking trousers with a high elastane content for genuine wearing comfort

**Really practical**  
Left thigh pocket with flap and pen pocket

# STANDARDS & CERTIFICATION

## UV PROTECTIVE CLOTHING WITH INTEGRATED SUN PROTECTION

### THE OEKO-TEX® STANDARD 100

The OEKO-TEX® Standard 100 is an independent testing and certification system for raw, intermediate and end products for textiles from all stages of processing. Examples of certifiable articles are raw and dyed/refined yarns, raw and dyed/refined woven and knitted fabrics, ready-made articles (garments of all types, home textiles, bedding, terry towelling, toys made of textiles and many others).

#### Tests for harmful substances cover:

- + substances banned by law
- + substances regulated by law
- + chemicals that are known to be potentially harmful to health (but are not yet regulated by law)
- + healthcare parameters in their entirety, the requirements go well beyond existing national legislation.

#### Why OEKO-TEX®?

The OEKO-TEX® Standard 100 was developed in the early 1990s as a response to the need of consumers and the general public for textiles that do not pose a risk to health. Negative headlines such as "Poisons in textiles" were widespread at the time, labelling all chemicals used in the production of textiles as negative and harmful to health.

Yet the demands made of modern textile products cannot be met without using certain chemical substances. Fashionable colours, easy care, long life and many other functional properties are demanded of textiles today and are, to some extent, and depending on their intended use (e.g. for professional and protective clothing), quite indispensable.

The largest organ of the human body is the skin, and it is exposed to great danger in summer. UV rays from the sun can increase the risk of skin cancer. Standard textiles are radiolucent, providing insufficient protection.

PLANAM's UV-protective clothing gives guaranteed certified safety. Awarded UV protection certificates "PROTECT 80" and "PROTECT 40", this range guarantees maximum prevention. Just like for sunscreens, the figure indicates the protection factor for spending longer in the sun safely. Our PLANAM models allow the wearer to remain in the sun 80 or 40 times longer than those without protection. With their integrated sun protection factor, the finished garments provide the skin with optimum protection. Those with sensitive skin can stay in the sun longer without having to cover themselves in sunscreen. It is important to know the individual skin type in order to determine the individual's protection time (length of possible exposure to the sun without risk of skin damage). The UV protection factor specified (e.g. Protect 80) gives the factor by which the individual's protection time can be extended just by wearing these textiles.

# PERSONALISATION IN NEXT TO NO TIME

Workwear is advertising space for your logo and acts like a business card for your company. Personalisation ensures a recognisable and positive company image. Our finishing service brings your message to a wider audience in a customised, professional and fast manner.

PLANAM Individual specialises in personalising your workwear. From reflective appliqués to transfer prints and embroidery, we offer multiple personalisation options of the highest quality. Whether you need small quantities for handicraft businesses or large runs for industrial companies – our team of experts are on hand to provide you with personal advice and detailed information about the optimal finishing types for our products. This also includes finishing options with methods specifically adapted to the certification requirements of certified protective clothing.
